

Owners' Fixed Premium P&I Cover

The London Club's fixed premium P&I insurance is available to the Owners of small and medium-sized vessels.

We provide comprehensive cover, backed by our expert service.

KEY FEATURES

Underwriting

Our fixed premium cover focuses on small and medium-sized vessels, including those operating in the offshore sector. It is designed for Owners who require comprehensive cover against P&I risks, for a fixed price but without the need for the high limits of cover provided by mutual insurance.

Protection

We provide cover against the full range of P&I risks. Our established terms and conditions reflect the London Club's long history in the P&I insurance sector. We are able to tailor our product to your particular needs, with limits up to US\$1 billion and a deductible structure to suit your risk profile. Where required, coverage can include primary P&I war risks.

Flexibility

In addition to our coverage for standard P&I risks, we can offer a range of extended covers for liabilities assumed under charterparties, heavy-lift and supply contracts; and for liabilities arising while ships are performing specialist operations such as dredging, construction, installation and maintenance work and/or engaged in operations otherwise excluded from standard P&I cover. Our aim is to provide you with a fixed premium package, refined to meet your contractual and operational exposures.

Security

We are one of the world's leading P&I Clubs and have provided P&I cover to Shipowners for over 150 years.

P&I service

We provide swift, practical advice and support from our experienced teams based in London, Hong Kong and Greece, and through our international network of P&I correspondents.

FD&D cover

We also offer FD&D insurance – prompt advice is provided by a strong team of Club lawyers based across our offices.

Loss prevention support

We produce a regular *StopLoss* bulletin, supplemented by an Alerts programme; we also hold and participate in P&I seminars and workshops based on feedback from Shipowners and other assureds around the world.
